<code></code>	
<code>
</code>	

8. Read the following code and draw the output

```
<!DOCTYPE html>
<html lang="en">
<head>
<title> Links </title>
<meta charset="UTF-8"/>
</head>
<body>
  
  <h1> This is a web page </h1>
  <br>
  <br>
  <p> Hello! welcome to my web page, I really wish you a very
happy time here </p>
  <p> I would like to introduce myself, I am Layla, a gamer
and a game developer </p>
  <p> I love the following games </p>
  <ul>
    <li> Final Fantasy Series
      <ol>
        <li> XI </li>
        <li> VIII </li>
        <li> VI </li>
      </ol>
    </li>
    <li> Gran Turismo </li>
    <li> ICO </li>
    <li> Chrono Cross </li>
  </ul>
  <p> Please Read about those games in this <a
href="games.html">link</a></p>
</body>
</html>
```
